Get Connected to the Special Education Community
CAC SE is for you!

Community Advisory Committee of Special Education (CAC SE) is a state mandate, run in cooperation with San Jose Unified School District (SJUSD) Special Education Department and SELPA IV. The CAC SE is dedicated to ensuring that every student receiving special education services within the district is getting a Free Appropriate Public Education.

The Community Advisory Committee of Special Education is responsible for...

- parent education and advocacy training
- helping students, parents, teachers and the community to understand special education school programs and procedures
- informing the community about special education
- review and development of the special education local plan
- participation in district committees directly affecting the special education program

Become a board member of your CAC SE to make a positive impact on special education and SJUSD. Learn first hand about the Special Education system by joining the diverse advisory board community. Get connected with other parents, professionals, and educators. We need representatives from all school sites in the district and all service provider specialties.
